Alyria Product Line

Alyria - Alyria Clarifying Skin Optimizing System

Product ID: 19119

Ideal for oily and acne prone skin.

1. Improves the appearance of skin imperfections
2. Removes oils and impurities without drying the skin
3. Refines and minimizes the appearance of pores
4. Provides clearer and healthier-looking skin

Contains full size products of:

Clarifying Cleanser

Clarifying Astringent

Retinol Night Complex Level 1

Retail Price: \$117.00

Our Price: \$95.50

Usage:

Clarifying Cleanser: Use once or twice daily. Apply to wet face and neck.

Rinse with water.

Use sunscreen during the day.

First-time users should build skin tolerance gradually.

For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

Squeeze a quarter-size amount onto the palm of your hand and apply on damp skin in a circular motion until foaming action develops.

Pay particular attention to problematic areas such as the T-zone.

Avoid contact with eyes and eye contour area.

Rinse thoroughly, by either splashing water onto face or using a face cloth or a facial sponge.

Clarifying Astringent: Use following cleansing, once or twice daily. Pour a small amount on a cotton ball and dab onto skin (pay particular attention to problematic areas). Avoid contact with eyes and eye contour area. Apply twice daily. Use sunscreen during the day. First-time users should build skin tolerance gradually. For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

Retinol Night Complex Level 1: Apply nightly.

Use sunscreen during the day.

First-time users should build skin tolerance gradually.

For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

Retinol night complex should always be applied on cleansed skin as a first layer (underneath a cream), unless skin is oily or acne-prone, in which case it may be applied alone.

This product can be applied all over face or locally on problematic areas such as wrinkles, uneven skin or blemishes.

Avoid contact with eyes and eye contour area.

Retinol is both photosensitive and photodegradable; therefore, it should only be applied at night.

Avoid using this product before sun exposure.

For first-time users, begin with Retinol night complex Level 1.

For skin types that do not tolerate Retinol night complex Level 2, switch back to Level 1.

If skin demonstrates intolerance to retinol, try Alyria Revitalizing cream instead.

Alyria - Alyria Enhancing Skin Optimizing System

Product ID: 19118

Ideal for use before and after cosmetic procedures:

1. Helps maximize and maintain the benefits of cosmetic procedures
2. Prepares the skin by exfoliating dead cells on the surface of the skin
3. Leaves skin soft and comfortable

Contains full size products of:

Gentle Cleanser

Exfoliating Cream Level 1

Hydrating Complex

Retail Price: \$135.00

Our Price: \$115.00

Usage:

Gentle Cleanser: Cleanse twice daily or as directed by your physician or esthetician. Use sunscreen during the day. Keep box for detailed directions.

Exfoliating Cream Level 1: Apply twice daily.

Use sunscreen during the day.

First-time users should build skin tolerance gradually.

For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

This product can be applied underneath make-up.

Apply a pea-sized amount to finger, dab onto the five points of the face (forehead, each cheek, nose and chin).

Massage into skin in an upward motion.

Avoid contact with eyes and eye contour area.

Product should be used once to twice daily.

Use sunscreen during the day; wait 10-15 minutes after applying the Exfoliating cream to apply the sunscreen.

Hydrating Complex: Apply twice daily.

Use sunscreen during the day.

For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

This product can be applied underneath make-up.

Apply a pea-sized amount to finger; dab onto the five points of the face (forehead, each cheek, nose and chin).

Massage into skin in an upward motion.

Avoid contact with eyes and eye contour area.

Product should be used once or twice daily.

Alyria - Alyria Gentle Skin Optimizing System

Product ID: 19117

Ideal for dry and sensitive skin.

1. Maintains hydration without any irritation
2. Helps diminish the signs of aging
3. Leaves skin soft, healthy-looking and more radiant.

Contains full size products of:

Gentle Cleanser

Antioxidant Ampoules

Hydrating Complex

Retail Price: \$153.00

Our Price: \$117.00

Usage:

Gentle Cleanser: Cleanse twice daily or as directed by your physician or esthetician. Use sunscreen during the day. Keep box for detailed directions.

Antioxidant Ampoules: Apply once or twice daily. Simply pinch the top off one gel capsule, express the silky cream, and apply to the entire face. Slight tingling sensation is possible but will subside within seconds.

Use sunscreen during the day. Keep box for detailed directions.

Caution: For external use only. Avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

Hydrating Complex: Apply twice daily.

Use sunscreen during the day.

For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

This product can be applied underneath make-up.

Apply a pea-sized amount to finger; dab onto the five points of the face (forehead, each cheek, nose and chin).

Massage into skin in an upward motion.

Avoid contact with eyes and eye contour area.

Product should be used once or twice daily.

Alyria - Alyria Revitalizing Skin Optimizing System

Product ID: 19120

Ideal for normal to combination skin.

1. Reduces the appearance of wrinkles and fine lines
2. Protects skin from sun damage
3. Maintains hydration
4. Helps prevent premature aging of the skin

Contains full size products of:

Revitalizing Cream

Revitalizing Eye Serum

Corrective Protection SPF 30 Sunscreen (oil-free)

Retail Price: \$207.00

Our Price: \$153.00

Usage:

Revitalizing Cream: Apply twice daily.

Use sunscreen during the day.

For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

This product can be applied underneath make-up.

Apply a pea-sized amount on the tip of your finger; dab it onto the five points of the face (forehead, each cheek, nose and chin).

Massage into skin in an upward motion.

Avoid contact with eyes and eye contour area.

Revitalizing Eye Serum: Apply twice daily. For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

Apply a small amount around the eye contour area, starting above the cheekbone up to underneath the brow, in a clockwise motion.

Follow by lightly dabbing the product until it has penetrated into the skin. The skin around the eye contour area is a lot thinner, therefore dabbing as opposed to rubbing will help prevent skin from creasing and will stimulate blood circulation.

Corrective Protection SPF 30 Sunscreen (oil-free): Apply liberally to skin, 15 to 30 minutes prior to sun exposure. Reapply after excess sweating, swimming, or washing.

Children under 6 months of age need to be cleared by pediatrician prior to use.

Alyria - Anti-Dark Circle Night Serum

Product ID: 18958

Anti-Dark Circle Night Serum is formulated with Vitamin K and A (Retinol) in a time-released micro-delivery system capsule. Regular use will help reduce the appearance of dark circles, fine lines and wrinkles under eyes.

Retail Price: \$72.00

Usage:

* Apply at night only.

* Twist open one capsule and squeeze out contents onto tip of index finger; warm product between two fingers.

* Apply gently.

* Concentrate application of product on dark circles (avoid getting product too close to eye. TIP: If contact is made with eyelashes, you are too close).

* Do not apply product on eyelid.

* Apply a moisturizing eye contour cream such as Revitalizing Eye Serum as a second layer.

* First-time users should build skin tolerance; use every other night for the first two weeks.

CAUTION: For External Use Only. Avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

Alyria - Antioxidant Encapsulated Cream

Product ID: 18970

A potent antioxidant cream encapsulated Vitamin C in the form of L-Ascorbic Acid. Vitamin C is volatile to oxygen and can break down quickly when exposed to air.

This unique capsule keeps the L-ascorbic acid in its most potent form. Antioxidants enhance skin clarity and promote its elasticity, while moisturizing. Regular use will help diminish signs of aging, leaving the skin looking healthier and more radiant.

Retail Price: \$72.00

Usage:

Apply once or twice daily. Simply pinch the top off one gel capsule, express the silky cream, and apply to the entire face. Slight tingling sensation is possible but will subside within seconds. Use sunscreen during the day. Keep box for detailed directions.
Caution: For external use only. Avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

**Alyria - Clarifying Astringent**

Product ID: 19115

For Oily Skin, fragrance free, non-comedogenic. Evens out your complexion while deep cleansing for clearer and healthier-looking skin. Clarifying astringent is formulated with glycolic acid, the AHA of choice, and denatured alcohol. It enhances exfoliation and cleanses clogged pores without drying skin. Regular use helps refine pores, providing a clearer and healthier-looking complexion.

Retail Price: \$36.00**Usage:**

Use following cleansing, once or twice daily. Pour a small amount on a cotton ball and dab onto skin (pay particular attention to problematic areas). Avoid contact with eyes and eye contour area. Apply twice daily. Use sunscreen during the day. First-time users should build skin tolerance gradually. For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

**Alyria - Clarifying Cleanser Oil-Free**

Product ID: 18963

For All Skin types
Fragrance-free
Non-comedogenic
Cleanses your skin and refines pores, leaving skin clean and soft.
Clarifying Cleanser is specially formulated for oily skin as it helps remove oil and impurities from the skin. It is pH balanced to maximize benefits of other Alyria glycolic acid products.
Glycolic Acid:
Glycolic acid is a highly effective natural exfoliant that removes the build-up of dead skin cells on the surface of the skin.
Cucumber extract:
Cucumber extract is an anti-inflammatory agent that soothes and tones.

Retail Price: \$27.00**Usage:**

Use once or twice daily.
Apply to wet face and neck.
Rinse with water.
Use sunscreen during the day.
First-time users should build skin tolerance gradually.
For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.
Squeeze a quarter-size amount onto the palm of your hand and apply on damp skin in a circular motion until foaming action develops.
Pay particular attention to problematic areas such as the T-zone.
Avoid contact with eyes and eye contour area.
Rinse thoroughly, by either splashing water onto face or using a face cloth or a facial sponge.

**Alyria - Corrective Protection Sunscreen SPF 30 Oil-Free Lotion**

Product ID: 18962

Revolutionary collection of broad-spectrum sunblocks with antioxidant protection against free radical damage that causes premature aging. A unique blend of antioxidant properties in a patented formulation known as EUK-134. Oil-Free, Non-Comedogenic. Excellent sunblock for all skin types. Leaves a wonderful matte finish without any greasy residue. Excellent under makeup.

Retail Price: \$36.00**Usage:**

Apply liberally to skin, 15 to 30 minutes prior to sun exposure. Reapply after excess sweating,

swimming, or washing.
Children under 6 months of age need to be cleared by pediatrician prior to use.

Alyria - Exfoliating Cream Level 1

Product ID: 18961

Level 1

For all skin types

Non-comedogenic

Exfoliating cream, formulated with glycolic acid in an Amphoteric System™, offers a patented controlled release technology that slows the release of glycolic acid. Glycolic acid can irritate when it penetrates rapidly into the skin. By controlling the release of the glycolic acid, the skin can tolerate a higher concentration, resulting in faster exfoliation. This helps slough off dead cells on the surface of the skin, revealing a fresher, younger-looking complexion. Regular use helps refine pores and reduces the appearance of fine lines, leaving skin smoother and more radiant.

Glycolic Acid (in an Amphoteric System):

Glycolic acid is a highly effective natural exfoliant that removes the build-up of dead skin cells on the surface of the skin.

Retail Price: \$54.00

Usage:

Apply twice daily.

Use sunscreen during the day.

First-time users should build skin tolerance gradually.

For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

This product can be applied underneath make-up.

Apply a pea-sized amount to finger, dab onto the five points of the face (forehead, each cheek, nose and chin).

Massage into skin in an upward motion.

Avoid contact with eyes and eye contour area.

Product should be used once to twice daily.

Use sunscreen during the day; wait 10-15 minutes after applying the Exfoliating cream to apply the sunscreen.

Alyria - Exfoliating Cream Level 2

Product ID: 18964

Level 2

For normal to combination & oily skin

Fragrance free

Exfoliating cream, formulated with glycolic acid in an Amphoteric System™, offers a patented controlled release technology that slows the release of glycolic acid. Glycolic acid can irritate when it penetrates rapidly into the skin. By controlling the release of the glycolic acid, the skin can tolerate a higher concentration, resulting in faster exfoliation. This helps slough off dead cells on the surface of the skin, revealing a fresher, younger-looking complexion. Regular use helps refine pores and reduces the appearance of fine lines, leaving skin smoother and more radiant.

Glycolic Acid (in an Amphoteric System):

Glycolic acid is a highly effective natural exfoliant that removes the build-up of dead skin cells on the surface of the skin.

Retail Price: \$63.00

Usage:

Apply twice daily.

Use sunscreen during the day.

First-time users should build skin tolerance gradually.

For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

This product can be applied underneath make-up.

Apply a pea-sized amount to finger, dab onto the five points of the face (forehead, each cheek, nose and chin).

Massage into skin in an upward motion.

Avoid contact with eyes and eye contour area.

Product should be used once to twice daily.

Use sunscreen during the day; wait 10-15 minutes after applying the Exfoliating cream to apply the sunscreen.

Alyria - Exfoliating Cream Level 3

Product ID: 19116

Helps slough off dead cells on the surface of the skin of dry, dull or rough areas of the body, leaving the skin smoother and healthy-looking. Formulated with glycolic acid (the AHA of choice), in an Amphoteric System. This patented controlled release technology slows the release of glycolic acid. The potential irritation of an AHA formula is primarily due to the rapid penetration of AHA free acid molecules into the skin. By controlling the release of the glycolic acid, the skin will tolerate a higher concentration, resulting in a faster exfoliation.

It will help slough off dead surface skin cells on dry, dull or rough areas of the body such as elbows, knees, legs, heels, feet and back of upper arms. Regular use will help remove dry layers of skin and calluses, prevent ingrown hairs on the legs and remove keratosis pilaris on the arms, leaving the skin smoother and healthy-looking.

Retail Price: \$72.00

Usage:

Apply a thin layer to the affected areas and massage into skin. If applicable, use sunscreen prior to sun exposure; wait 10 to 15 minutes after applying the sunscreen to apply the Exfoliating cream. After you build a skin tolerance, product can be used once to twice daily.

Alyria - Gentle Cleanser

Product ID: 18969

Gentle Cleanser by Alyria is formulated without any chemical irritants. Its formulation is mild enough for all skin types and can be used before and after cosmetic procedures. Regular use will leave skin clean and soft.

Retail Price: \$27.00

Usage:

Cleanse twice daily or as directed by your physician or esthetician. Use sunscreen during the day. Keep box for detailed directions.

Alyria - Hydrating Complex

Product ID: 18968

For all skin types
Non-comedogenic
Dermatologist-tested
Creates an invisible barrier against moisture loss, leaving your skin enjoyably soft and comfortable.

Hydrating Complex is formulated with a blend of proven moisturizers to replenish skin, leaving it comfortably soft. It acts as an invisible barrier against moisture loss, helping eliminate the dry, itchy, tight feeling associated with dehydration.

Petrolatum:

Petrolatum helps skin retain its moisture by forming an occlusive barrier.

Glycerin:

Glycerin is a humectant that retains moisture in skin. It also has softening properties.

Shea butter:

Shea butter moisturizes, revitalizes and softens skin to bring back its elasticity. Shea Butter originates from the Karite Nut tree found in the savannahs of central Africa.

Retail Price: \$54.00

Usage:

Apply twice daily.

Use sunscreen during the day.

For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

This product can be applied underneath make-up.

Apply a pea-sized amount to finger; dab onto the five points of the face (forehead, each cheek, nose and chin).

Massage into skin in an upward motion.

Avoid contact with eyes and eye contour area.

Product should be used once or twice daily.

Alyria - Intense Wrinkle Correction

Product ID: 19122

Special 25% Off

Intense Wrinkle Correction is formulated with a proprietary anti-aging blend of high performance ingredients including Matrixyl, to significantly reduce the appearance of wrinkles.

Regular use on the eye contour, face and neck has been proven to visibly diminish deep wrinkles and provide brighter, firmer and smoother skin.

Retail Price: \$167.00

Our Price: \$125.25

Usage:

Apply twice daily or as directed by your physician. Use sunscreen during the day to maintain best results. Keep box for detailed directions.

Alyria - Purifying Mask

Product ID: 18971

Purifying Mask by Alyria is formulated with glycolic acid, the AHA of choice for exfoliating dead skin cells leaving behind glowing skin and refined pores.

Purifying Mask has also combined Kaolin clay and bentonite (raw Chinese clay) which absorb toxins, oils, and lift impurities from the surface of the skin. Excellent product for treatment of acne, oily skin, and acne-prone skin.

Continued use will help to reduce fine lines and wrinkles for a healthier, smoother complexion.

Retail Price: \$36.00

Usage:

Use up to three (3) times per week or as directed by a Skin Care Professional. Apply to face and neck. Leave on until completely dry, then rinse. Use sunscreen during the day. First time users should do a patch test prior to using. Keep box for detailed directions.

Alyria - Retinol Night Complex Level 1

Product ID: 18965

Level 1

For normal to combination & oily skin

Fragrance free

Non-comedogenic

Dermatologist-tested

Revitalizes aging skin and reduces the appearance of wrinkles.

Retinol night complex is formulated with vitamins A (retinol), C and E in a time-release micro-delivery system. It helps revitalize aging skin and reduces the appearance of fine lines and wrinkles. Regular use helps provide smoother, healthier and younger-looking skin.

Retinol:

Retinol increases cell turnover and stimulates collagen synthesis.

Retail Price: \$54.00

Usage:

Apply nightly.

Use sunscreen during the day.

First-time users should build skin tolerance gradually.

For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

Retinol night complex should always be applied on cleansed skin as a first layer (underneath a cream), unless skin is oily or acne-prone, in which case it may be applied alone.

This product can be applied all over face or locally on problematic areas such as wrinkles, uneven skin or blemishes.

Avoid contact with eyes and eye contour area.

Retinol is both photosensitive and photodegradable; therefore, it should only be applied at night.

Avoid using this product before sun exposure.

For first-time users, begin with Retinol night complex Level 1.

For skin types that do not tolerate Retinol night complex Level 2, switch back to Level 1.

If skin demonstrates intolerance to retinol, try Alyria Revitalizing cream instead.

Alyria - Retinol Night Complex Level 2

Product ID: 18967

Level 2

For normal to combination & oily skin

Fragrance free

Dermatologist-tested

Revitalizes aging skin and reduces the appearance of wrinkles.

Retinol night complex is formulated with vitamins A (retinol), C and E in a time-release micro-delivery system. It helps revitalize aging skin and reduces the appearance of fine lines and wrinkles. Regular use helps provide smoother, healthier and younger-looking skin.

Retinol:

Retinol increases cell turnover and stimulates collagen synthesis.

Retail Price: \$63.00

Usage:

Apply nightly.

Use sunscreen during the day.

First-time users should build skin tolerance gradually.

For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

Retinol night complex should always be applied on cleansed skin as a first layer (underneath a cream), unless skin is oily or acne-prone, in which case it may be applied alone.

This product can be applied all over face or locally on problematic areas such as wrinkles, uneven skin or blemishes.

Avoid contact with eyes and eye contour area.

Dermatologist-tested

Minimizes the appearance of crow's feet, fine lines and wrinkles around the eyes.

Revitalizing eye serum is formulated with Matrixyl, a micro-fragment of collagen. It helps reduce the appearance of crow's feet, fine lines and wrinkles around the eyes. Regular use helps maintain hydration.

Matrixyl:

Matrixyl is a synthetic, micro-fragment of the skin's most abundant protein, collagen. This compound mimics skin's natural regeneration process.

Retail Price: \$81.00

Usage:

Apply twice daily.

For external use only; avoid contact with eyes and mucous membranes. If irritation develops, discontinue use. Keep out of reach of children.

Apply a small amount around the eye contour area, starting above the cheekbone up to underneath the brow, in a clockwise motion.

Follow by lightly dabbing the product until it has penetrated into the skin. The skin around the eye contour area is a lot thinner, therefore dabbing as opposed to rubbing will help prevent skin from creasing and will stimulate blood circulation.

Alyria - RosaCure+ Anti-Redness Cream

Product ID: 19121

Fragrance Free, Non-Comedogenic, Alcohol Free.

RosaCure+ is an anti-redness cream with silymarin and methylsulfonylmethane (MSM) which, when used daily, helps reduce the appearance of facial redness as in rosacea-prone skin. Specially formulated for even the most sensitive skin.

Silymarin, extracted from milk thistle, soothes reactive skin, helping to reduce redness and even out skin tone.

Retail Price: \$44.00

Usage:

Apply sparingly twice daily. Results should begin to appear after 2 to 3 weeks and should improve with continued use.
